

G.2

A cross-sectional view of a mechanical assembly. A central dome-shaped component (9) is mounted on a base (5). The base is supported by a substrate (4). A layer (8) is located between the substrate and the base. A central vertical axis (12) passes through the dome. A dashed line (21) indicates a horizontal plane. A vertical arrow (1) points downwards. A horizontal arrow (6) points to the right. A vertical dimension line (13) indicates the height of the base. A label (17) points to the dome. A label (1) points to the central vertical axis.
